

FlipFIT

Your Fitness Journey Starts Here

The slide features decorative illustrations of various fruits and food items. In the top-left corner, there is a watermelon slice and a green circle. In the top-right corner, there is a bunch of bananas. In the bottom-left corner, there are two smartphones with motion lines. In the bottom-right corner, there is a chocolate milk carton with a green circle. The background is white with orange and brown wavy shapes at the bottom.

THE ASK - WHERE WE STARTED?

The ask of this project is to expand **Flipkart** into the fitness industry

- ❑ enhance user convenience
- ❑ strengthen gym partnerships
- ❑ streamline slot management
- ❑ real-time booking capabilities

FRAMEWORK FOR 6 DAYS

| DAY 1 | DAY 2 | DAY 3 | DAY 4 | DAY 5 | DAY 6 |
|-------------------------------------|--------------------------------------|---|--|---|-------------------------|
| Introduction to UML Artifacts | Introduction to Git and GitHub | Classes vs Interfaces & I/O in Java | Database Schema Design & DAO Layer Implementation | JDBC, Exception Handling & Validator | Dropwizard Framework |

STAKEHOLDERS

1. Sponsor
- Flipkart
2. SME's
- Amit Balyan
3. Co-ordinators
- Anushka khanna
- Sharath ramesha

CHALLENGES & LEARNINGS

Challenges

- **SQL Workbench Setup:** Overcame initial setup challenges and mastered schema design.
- **DAO & Business Logic:** Ensured efficient DAO operations and robust business logic.
- **Dropwizard Integration:** Struggled with learning and integrating Dropwizard.

Learnings

- **Tech Stack Proficiency:** Mastered Git, Java, MySQL, Dropwizard, Postman.
 - **Best Practices:** Adopted Agile methods and rigorous code reviews.
 - **Troubleshooting:** Developed strong debugging and problem-solving skills.
 - **Teamwork:** Fostered collaboration through regular communication.
